

Cooper Power CC6A28U BOL-T Aluminum 1-Hole Deadbreak Elbow Compression Crimp Connector, 1250 MCM, 600A, 5.94 in L

By: **Cooper Power**

Details

Locke Part #: **N0909**
Mfg. Part #: **CC6A28U**
Brand: **Cooper Power**

Features

One-hole cast aluminum terminals offer compact terminal design for use on insulated cable
Covers all popular stranded, solid, and compact sizes
Terminal size is suited for use on meter sockets, low cost termination on pad-mounted transformers, and in industrial buswork

Attributes

Amperage Rating: **600 A**
Application: **600A Deadbreak Bol-T**
Conductor Size: **1250 MCM**
Connection: **Compression**
Length: **5.94 in**
Material: **Aluminum**
Mounting Type: **Unthreaded**
Number of Holes: **1**
Stud/Bolt Size: **11/16 in**
Suitable For Use With: **Aluminum and copper cables**
Type: **Unthreaded aluminum compression connector**
