

58569-PK In2ition 5-Setting Two-In-One Shower, Multi-Function Shower Head, 2 gpm, 82 In L Hose L Hose, Import

Details

Locke Part #: A1604
Mfg. Part #: 58569-PK
Manufacturer: DELTA

Features

The In2ition Two-in-One Shower gets water where you need it most using the integrated shower head and hand shower separately or together. Perfect for bathing loved ones and pets as well as keeping the inside of your shower and tub clean. Soft, rubber Touch-Clean spray holes allow you to easily wipe away calcium and lime build-up from the spray face of your shower head and hand shower with the touch of a finger. Installs in minutes. Pause feature reduces water to a trickle, giving you space for shaving, lathering and other shower tasks while maintaining your temperature settings. Flow rate: 2 gpm at 80 psi. WaterSense labeled showers use at least 20% less water than the industry standard - saving you money without compromising performance.
